

BCMD/PRESS-04/2021/135

Date: 21/09/2022

Press Release
Youth Summit, 2022

When: 17th September - 21st September

Where: Professional Development Centre, Tsirang

Time: 09:00 - 15:30

Policies and programmes are responsive when the views of end-users are taken into consideration. To actualise youth and child participation in realising the ideals of child friendly local governance, BCMD with support from UNICEF is organising Youth Summit in Tsirang from the 17th - 21st September.

Administrative Officers, LG elected leaders from three different geogs and teachers from three different schools from Tsirang are being oriented to child-friendly local governance in order to nurture and promote youth engagement. Thirty two students from three different schools and scout members are also capacitated to build partnerships with local government and administrators to deliberate on making services more youth-friendly.

BCMD initiated the Youth Summit in 2015 to engage youths during the summer vacation to supplement efforts to nurture socially conscious citizenry inspired to bring about positive change in the society. This is the first time the Youth Summit is being organised in Tsirang.

We are delighted to invite the press for the media coverage on the 21st, the last day of the programme.

Kindly RSVP Ugyen Samdrup Lhamo, the coordinator for more information/clarifications.
