

BCMD/PRESS-04/2021/357

Date: 5/01/2023

Press Release
Youth Summit, 2023

When: 07th January - 11th January

Where: Sherubtse College, Kanglung

Time: 9:00 - 5:00 pm

Youth Summit is in the East. This year, the Summit will bring youth and Local Government officials together for the first time in Trashigang to facilitate partnership and leverage on each other's strengths in making communities more child-friendly.

Officers from the Dzongkhag administration, LG elected leaders from three different geogs and organisations working with young people will be oriented to facilitating child and youth participation in local governance.

The LG leaders and administrators will work with thirty students from three different schools in Trashigang to deliberate on public services, community issues and youth participation in their communities.

The Summit provides a platform for both the LG and the youth to learn to work together to ensure a livable space where all children feel safe, enjoy equal rights and can participate in matters concerning them.

We are delighted to invite the press for the media coverage on the 11th January, the last day of the programme.

Kindly RSVP Ugyen Samdrup Lhamo at ugyenlhamo@bcmd.bt, the coordinator for more information/clarifications.
